

BIO SKETCHES

CONSORTIUM STAFF BIOSKETCHES

- Tomoko Arimura Psychologist, Child/Adolescent Track
Vanier Children's Mental Wellness
Ph.D., Ontario Institute for Studies in Education, University of Toronto, 2015
Clinical Interests: Psychodiagnostic assessment and treatment with children, adolescents, and their families; Developmental trauma; Attachment; and Parents' mental health
Research Interests: Parent involvement in early childhood/mental health services
- Rod Balsom Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
Ph.D., Western University, 1999
Clinical Interests: Assessment and treatment of veterans and peacekeepers presenting with various psychiatric difficulties related to their military service
Research Interests: Program development and evaluation; Health promotion
- Danielle Bedard Psychologist, Adult Mental Health Track
London Health Sciences Centre - Victoria Hospital
Ph.D., University of Toronto, 2008
Clinical Interests: Assessment and treatment of depression and anxiety-spectrum disorders with a particular interest in PTSD, using CBT, DBT, and process-experiential approaches; occupational trauma and stress and post-traumatic stress disorder.
Research Interests: Client's emotional processing; Psychotherapy process and outcome
- Kelly Bedek Psychometrist, Adult Mental Health Track
St. Joseph's Health Care London – Southwest Centre for Forensic Mental Health Care
B.A. (Honours), University of Western Ontario, 2015
Clinical Interests: Assessment (e.g., risk, personality, cognitive) in a forensic setting; Clinical file reviews pertaining to risk and recidivism
Research Interests: Psychometric test measures; Program development and evaluation
- Jo-Ann Birt Psychologist, Child/Adolescent Track
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., University of Windsor, 1996
Clinical Interests: Assessment and treatment of internalizing disorders with high-risk youth (CBT and DBT techniques); empirically supported treatments and program development; multisystemic treatment; trauma
Research Interests: effective inpatient treatments; factors affecting adjustment to trauma, suicide risk; mood and anxiety disorders

Gani Braimoh	Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Psy.D., Adler School of Professional Psychology, 2006 <u>Clinical Interests:</u> Mood Disorders clinic lead; Parents of children with bipolar disorder; Cognitive behavioural therapy; Adlerian psychology; Community psychology
Susan Bryant	Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 1987 <u>Clinical Interests:</u> Infants and young children at risk for or identified with developmental and/or physical disabilities
Brittney Castrilli	Psychometrist, Adult Mental Health Track London Health Sciences Centre- 54 Riverview Ave. M.Sc. Clinical Neuroscience- Western University, 2018 <u>Clinical Interests:</u> Psychological assessment of clients with a diagnosed eating disorder; Program evaluation and outcomes; Program development <u>Research Interests:</u> Relapse prevention in clients with a diagnosed eating disorder
Danielle Cataudella	Psychologist, Child/Adolescent and Health/Rehabilitation Tracks London Health Sciences Centre - Children's Hospital / Victoria Hospital Psy.D., Nova Southeastern University, 2002 <u>Clinical Interests:</u> Evidence based treatments for mood and anxiety disorders in medically fragile children; Consultation-liaison for somatoform presentations in the acute medical setting; Psychological sequelae in childhood cancer survivors; Evidence based treatments (individual and group) for complex sibling and parental bereavement <u>Research Interests:</u> Paediatric palliative care; Psychological acute and late effects of childhood cancer
Brenda Chiang	Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood institute, Greater Toronto Area site Ph.D., University of Waterloo, 2020 <u>Clinical Interests:</u> Assessment and treatment of military members and first responders (police officers, firefighters, etc.) presenting with psychological difficulties incurred during the course of their service. Individual and group therapy. <u>Research Interests:</u> posttraumatic sequelae and moral self-concept; obsessive-compulsive disorder; resiliency and protective factors

- Sabrina Chiarella Psychologist, Child/Adolescent Track; Track Co-Coordinator & Site Coordinator
Vanier Children's Mental Wellness
Ph.D., Concordia University, 2015
Clinical Interests: Clinical assessment and treatment with children, adolescents, and their families; childhood trauma; attachment; mood and anxiety disorders; behavioural struggles in the preschool and middle-childhood developmental periods
Research Interests: Mood and anxiety disorders in children and adolescents; resiliency among children in at-risk populations; development during the infancy period; language development
- Jennifer Crotagino Psychologist, Child/Adolescent & Health/Rehabilitation Tracks
London Health Sciences Centre, Children's Hospital / Victoria
Ph.D., McGill University, 2020
Clinical Interests: Biopsychosocial assessment and intervention of psychosocial factors in children and youth with paediatric illnesses/conditions and their families. Interdisciplinary/multidisciplinary, evidence-based approaches to managing paediatric health (e.g. diabetes, chronic headache, gastrointestinal conditions, etc.). Adherence to medical treatment. Parenting in the context of paediatric illness. Procedural anxiety in children and youth.
Research interests: Paediatric pain, program development/evaluation of psychological interventions in pediatric health, paediatric headache, group interventions for chronic pain
- Wendy
den Dunnen Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Ottawa, 2017
Clinical Interests: Assessment and treatment of children and adolescents with complex mental health needs; assessment, consultation, and treatment for children and adolescents with attachment concerns; assessment and consultation regarding sexualized behaviour; developmental trauma
Research Interests: Children in the child welfare system, foster parenting, developmental trauma, residential treatment, program evaluation
- Tracy Desjardins Psychologist, Adult Mental Health Track
St. Joseph's Health Care London -Parkwood Institute
Ph.D., University of Victoria, 2014
Clinical Interests: Assessment (e.g., comprehensive diagnostic, violence risk, criminal responsibility, malingering) and treatment (e.g., CBT, DBT) in a forensic setting; Posttraumatic Stress Disorder; Substance Use Disorders
Research Interests: Program evaluation; emotional support; transition to adulthood

- Andrea Downie Clinical Neuropsychologist, Neuropsychology Track; Track Co-Coordinator
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., Queen's University, 2000
Clinical Interests: Neuropsychological assessment, diagnosis, and consultation of children treated for childhood cancer, as well as neurological, genetic, and metabolic disorders
Research Interests: Academic and cognitive sequelae of the treatments for Acute Lymphoblastic Leukemia (ALL); Social functioning in children treated for brain tumours and ALL.
- Stephanie Dubois Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
Ph.D., Ball State University, 2003
Clinical Interests: Psychological assessment and individual therapy for patients with persistent mental (affective, psychotic, personality) disorders in an inpatient setting. Theoretical approaches utilized: Integrative psychotherapy; Informed by counter-transference/transference issues, trauma informed care, working alliance and process of change. Supervision emphasis on professional identity, mentoring and advocacy
- Julie Eichstedt Psychologist, Child/Adolescent Track
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., Concordia University, 2002
Clinical Interests: Evidence-based psychological assessment and treatment of children, and adolescents with internalizing difficulties; Mood and Anxiety Disorders; Cognitive behavioural therapy; Collaborative Problem-Solving.
Research Interests: Program development and evaluation, mood and anxiety disorders in children and adolescents, models of service delivery in children's mental health
- Nicole Elliott Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood institute,
Ph.D., University of Toronto, 2018
Clinical Interests: Assessment and treatment of military-related and first responder PTSD; couples' therapy with PTSD; concurrent disorders and suicidality; Cognitive-Behavioural Therapy
Research Interests: suicidal behaviors and PTSD with Veterans and first responders; gender issues in the military; Intergenerational trauma and culturally based psychological treatment for Canadian Indigenous peoples.
- Carly Esipu Psychometrist, Adult Mental Health Track
London Health Sciences Centre
B.A, M.A. Psychology, Western University, 2019
Clinical Interests: intervention services and psycho-educational assessment practices for children, youth and adults with learning, behavioural, and social-emotional challenges.

Laura Fazakas-DeHoog	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London: Southwest Centre for Forensic Mental Health Care Ph.D., University of Western Ontario, 2007 <u>Clinical Interests:</u> Psychological profiling; Assessment and treatment of trauma and complicated grief; Treatment of severe pathology and personality disorders <u>Research Interests:</u> Prediction of violent recidivism in the forensic population; Effective treatment of trauma and complicated grief; Psychotherapy for psychotic disorders; Prediction of violent and self-destructive behaviour; Design and test an integrative model of suicidal thinking and behaviour within a clinical population</p>
Paul Frewen	<p>Psychologist, Adult Mental Health Track London Health Sciences Centre - University Hospital Ph.D., University of Western Ontario, 2008 <u>Clinical Interests:</u> Trauma-focused psychotherapy, process-experiential psychotherapy, virtual reality therapy, meditation practices, neurofeedback, non-invasive brain stimulation <u>Research Interests:</u> Neuroimaging, sense of self, assessment and interventions for people with trauma- and stressor-related disorders</p>
Sabrina Freund	<p>Neuropsychologist, Neuropsychology Track London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., University of Windsor, 2017 <u>Clinical Interests:</u> Neuropsychological assessment, diagnosis, and consultation for children and adolescents with various neurological, genetic, and metabolic disorders. Pre-operative assessment for children and adolescents to establish candidacy for epilepsy surgery. Screening assessments for children and adolescents following an acquired brain injury.</p>
Lara Genik	<p>Psychologist (Supervised Practice), Child/Adolescent Track Vanier Children's Mental Wellness Ph.D., University of Guelph, 2020 <u>Clinical Interests:</u> Psychodiagnostic assessment and treatment with children, adolescents, and their families; Intellectual and developmental disorders; Learning disabilities; Developmental trauma and attachment; Mood and anxiety disorders; Behavioural difficulties in childhood <u>Research Interests:</u> Pain and children with intellectual and developmental disabilities; Evidence-based interventions for children and youth with a range of presenting difficulties; Program and resource development and evaluation</p>

- Heather Getty Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - Victoria Hospital
Behavioural Medicine Service – Victoria Hospital, LHSC
Ph.D., University of Windsor, 2002
Clinical Interests: Individual and group psychotherapy; interventions based on the psychological flexibility model, attachment dynamics, and transdiagnostic approaches.
Research Interests: Relationships between psychological flexibility, attachment style and related capacities (e.g., emotion regulation, mentalization), and outcomes in the context of chronic illness; efficacy of transdiagnostic treatment approaches.
- Karin Gleason Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Western Ontario, 2000
Clinical Interests: Assessment and treatment of children and youth with complex developmental and mental health needs. Assessment and treatment of mental health problems (anxiety, mood, attachment and behaviour) in children and youth with intellectual disabilities. Adapted CBT. Support for parents of children with special needs; complex, multigeneration family systems. Community consultation and education.
- Gloria Grace Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Victoria, 1990
Clinical Interests: Neuropsychological assessment of adults with a broad range of neurological disorders. Specific interests: Pre-operative assessment for Deep Brain Stimulation Surgery; Differential diagnosis of dementia; Parkinson's disease and related disorders, Concussion/Traumatic Brain Injury
Research Interests: Cognitive impairment in ALS and other motor neuron diseases
- Brendan Guyitt Psychologist, Adult Mental Health Track; Site Coordinator
London Health Sciences Centre - Victoria Hospital
Ph.D., University of New Brunswick, 2011
Clinical Interests: CBT; Mood and anxiety disorders; Personality disorders; Case formulation; Program evaluation
Research Interests: Understanding beliefs and belief change; Cognitive processes in depression and anxiety
- Michael Harnadek Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Windsor, 1993
Clinical Interests: Neuropsychological assessment of adults following stroke, concussion (with post-concussion syndrome) or who have acquired degenerative cognitive disorders. Specific interests: Concussion, Post-concussion syndrome; Stroke; Evaluation of response bias
Research Interests: Cognitive impairment following transient ischemic attack and minor stroke; Response bias in psychological testing

Jeremy Harrison	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Psy.D., Florida Institute of Technology, 2005 Board Certified in Clinical Psychology American Board of Professional Psychology (ABPP) <u>Clinical Interests:</u> Psychological assessment and treatment of adults with persistent mental illnesses; Cognitive behavioural therapy approaches; Integrative approaches to psychotherapy <u>Research Interests:</u> Applied research; Psychotherapy effectiveness</p>
Brent Hayman-Abello	<p>Neuropsychologist, Neuropsychology Track; Director of Clinical Training London Health Sciences Centre - University Hospital Ph.D., University of Windsor, 2003 <u>Clinical Interests:</u> Neuropsychological assessment of adults with neurological disorders, with specific interests in epilepsy, stroke, and dementia; Impact of epilepsy on cognitive and daily living abilities <u>Research Interests:</u> Cognitive change following epilepsy surgery; Compensatory strategy training for persons with cognitive impairments</p>
Susan Hayman-Abello	<p>Neuropsychologist, Neuropsychology Track; Track Co-Coordinator London Health Sciences Centre - University Hospital Ph.D., University of Windsor, 2006 <u>Clinical Interests:</u> Neuropsychological assessment of adults and adolescents with neurological disorders, with specific interests in epilepsy and pre-surgical evaluations <u>Research Interests:</u> Discrepancies in subjective and objective memory impairment; cerebral localization of cognitive dysfunction and prediction of post-surgical changes; Acute assessment of memory and language during seizures</p>
Marnin Heisel	<p>Psychologist, Adult Mental Health Track London Health Sciences Centre - Victoria Hospital Ph.D., York University, 2001 <u>Clinical Interests:</u> Assessment and treatment of adults and older adults with mood disorders and at elevated risk for suicide; Interpersonal/psychodynamic and humanistic/existential psychotherapy <u>Research Interests:</u> Study and prevention of suicide among older adults including improving the identification of older adults at-risk for suicide; Testing models of late-life suicide risk and resiliency and developing and evaluating suicide risk assessment measures and methods; Enhancing treatment provision by developing and testing interventions with depressed and/or suicidal older adults; Enhancing healthcare provider knowledge of late-life suicide prevention by developing clinical guidelines and knowledge translation tools and evaluating with respect to dissemination, training, and uptake</p>
Nicole Herrington	<p>Psychometrist, Neuropsychology Track London Health Sciences Centre – University Hospital B.A. (Honours), University of Western Ontario, 2014 <u>Clinical Interests:</u> Neuropsychological assessment of adults and elderly individuals with a broad range of cognitive, emotional and behavioural dysfunction resulting from brain impairment.</p>

Marilyn Hill	<p>Psychologist, Health/Rehabilitation Track St. Joseph's Health Care London - St. Joseph's Hospital Ph.D., University of British Columbia, 1996 <u>Clinical Interests:</u> Cognitive behavioural therapy (individual and group); Interprofessional chronic pain management groups for a wide variety of chronic pain conditions; Stress management; EMG biofeedback; Impact of chronic illness on sexual functioning; Assessment and treatment of depression associated with chronic illness; Relapse prevention <u>Research Interests:</u> Interprofessional chronic disease/chronic pain management; and variables predicting treatment outcome</p>
Tevya Hunter	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Ph.D., University of Manitoba, 2017 <u>Clinical Interests:</u> Assessment and treatment of post-traumatic stress disorder and other psychological disorders related to workplace injuries & traumas; therapy focused on identity, self-acceptance, and adjustment to life transitions <u>Research Interests:</u> Women's experience of burn injury; resiliency; traumatic injury</p>
Vanessa Huyder	<p>Psychologist, Child/Adolescent Track; Track Co-Coordinator Vanier Children's Services Ph.D., University of Waterloo, 2015 <u>Clinical Interests:</u> Clinical assessment and treatment of children and youth presenting with developmental trauma and attachment issues, neurodevelopmental disorders, learning disabilities, anxiety and mood disorders, and behavioural difficulties. Working with children, youth, guardians, and community providers to better understand strengths and needs in order to inform treatment and supports. <u>Research Interests:</u> Exploring the role of executive functions, theory of mind and verbal skills in the development of children's social skills, particularly in those presenting with disruptive behaviours.</p>
Tony Iezzi	<p>Psychologist, Health/Rehabilitation Track London Health Sciences Centre – University Hospital Ph.D., University of Georgia, 1989 <u>Clinical Interests:</u> Assessment and management of bariatric surgery patients <u>Research Interests:</u> Psychological adjustment to medical conditions; Comorbidity of physical and psychological symptoms; Identification of early psychological risk factors in the development of medical conditions</p>
Patricia Jordan	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 2012 <u>Clinical Interests:</u> Assessment and treatment of children and adolescents with complex mental health needs, including non-suicidal self-injury and Cluster B personality traits; Models of service delivery for residential treatment; developmental trauma and attachment; assessment and consultation regarding sexualized behaviour; Dialectical Behaviour Therapy, Cognitive Behaviour Therapy</p>

Abirami Kandasamy	<p>Psychologist, Child/Adolescent & Health/Rehabilitation Tracks London Health Sciences Centre - Children's Hospital PhD, University of Windsor, 2019 <u>Clinical Interests:</u> Child development, pediatric pain; program evaluation, development of innovative/novel interventions and assessment tools (e.g., using eye-tracking, virtual reality, CBT). <u>Research Interest:</u> designing, implementing, and validating innovative/novel interventions and assessment tools.</p>
Ann Klinck	<p>Psychological Associate, Child/Adolescent & Health/Rehabilitation Tracks London Health Sciences Centre - Children's Hospital / Victoria Hospital M.A.Sc., University of Waterloo, 1991 <u>Clinical Interests:</u> Counselling with families and consultation with schools regarding educational needs of paediatric cancer patients and siblings; Counselling, support and advocacy for childhood cancer survivors with treatment-related learning challenges <u>Research Interests:</u> Long-term cognitive effects of paediatric cancer treatment; Long-term educational outcomes for childhood cancer survivors</p>
Andrea Lazosky	<p>Neuropsychologist, Neuropsychology Track London Health Sciences Centre - Victoria Hospital Ph.D., Rosalind Franklin University of Medicine and Science, 1990 Board Certified in Clinical Neuropsychology American Board of Professional Psychology (ABPP) <u>Clinical Interests:</u> Neuropsychological assessment and diagnosis of individuals with known or suspected brain impairment. Specific interests: Multiple trauma (including traumatic brain injury); Effects of systemic illness and infection on brain function; Brain tumours; Psychosocial rehabilitation <u>Research Interests:</u> Neurological and emotional outcome following severe septic illness; Assessment of decision making capacity; disorders of consciousness in patients using brain-computer interface neuroimaging in the vegetative state</p>
David LeMarquand	<p>Psychologist, Adult Mental Health Track Assistant Director of Clinical Training St. Joseph's Health Care London – Parkwood Institute Ph.D., McGill University, 1998 Board Certified in Clinical Psychology, American Board of Professional Psychology (ABPP) <u>Clinical Interests:</u> Psychological assessment, individual and group psychotherapy for individuals with concurrent severe and persistent mental (affective, psychotic, personality) and substance use disorders who are outpatients in a tertiary care hospital setting; Theoretical approaches utilized include interpersonal, cognitive-behavioural <u>Research Interests:</u> Neurobiology of impulse control, aggression, psychotherapy outcome in personality-disordered individuals</p>

- Sheila Linseman Psychometrist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
M.A., Counselling Psychology, University of Western Ontario, 2016, B.A. (Honours),
Wilfred Laurier University, 1993
Clinical Interests: Vocational, cognitive, and personality assessment
Research Interests: Help-seeking and workplace psychological safety, teacher
mental health
- Cathy Maan Psychologist, Child/Adolescent and Health/Rehabilitation Tracks
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., University of Saskatchewan, 1994
Clinical Interests: Paediatric oncology; Paediatric critical care; Paediatric
consultation-liaison; Family and child adjustment to acute and chronic illnesses
and developmental disorders
- Julia MacKinley Psychometrist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
M.Sc. University of Edinburgh, 2015
Clinical Interests: Cognitive and personality assessment; psychometric test
measures
- Nadia Maiolino Psychologist (Supervised Practice), Adult Mental Health Track
London Health Sciences Centre - Victoria Hospital
Ph.D., Western University, 2020
Clinical Interests: Assessment and treatment of adults with trauma and stress-
related disorders. Group/individual therapy and evidence-based treatment for
PTSD including cognitive processing therapy (CPT) and prolonged exposure (PE).
Clinical decision-making and biases in delivering empirically supported
treatments for PTSD. Program development and evaluation in acute mental
health care settings.
Research interests: PTSD; trauma-focused therapy; cognitive therapies and
theories of psychopathology
- Nicola McHale Psychologist, Adult Mental Health Track
London Health Sciences Centre- First Episode Mood and Anxiety Program
(FEMAP)
Ph.D., University of New Brunswick, 2015
Clinical Interests: Assessment and treatment of various mood and anxiety
disorders with an emerging adult population; Early Intervention; Cognitive
Behavioural Therapy (CBT); Acceptance and Commitment Therapy (ACT);
Dialectical Behaviour Therapy (DBT) skills; Mindfulness
Research Interests: Vulnerability and resiliency factors associated with Major
Depressive Disorder (MDD); Emotion Regulation
- Terry McQuaid Psychologist, Counselling Track; Track Coordinator & Site Coordinator
Mental Health Care, Health and Wellness - Western University
Psy.D., Adler School of Professional Psychology, Chicago, 1994

- Ashley Miles Neuropsychologist, Neuropsychology Track
London Health Sciences Centre – University Hospital
Ph.D., York University 2013
Clinical Interests: Adult and geriatric neuropsychological assessment, with a focus on pre- and post-surgical assessment of individuals with epilepsy and Parkinson’s disease; Differential diagnosis of neurodegenerative conditions
Research Interests: Identifying the profile and magnitude of subjective and objective change in neuropsychological functioning following surgical intervention for neurological conditions
- Ian Nicholson Manager, Departments of Psychology and Audiology
London Health Sciences Centre
Ph.D., University of Western Ontario, 1993
Clinical Interests: Ethics and standard of practice; Models of professional psychology training and licensure
Research Interests: Patterns of psychological funding and utilization; Competence development and assessment
- Steven Orenczuk Psychologist, Operational Stress Injury Clinic, Adult Mental Health Track,
St. Joseph’s Health Care London - Parkwood Institute
Psy.D., Illinois School of Professional Psychology, 1988
Clinical Interests: Assessment and intervention for clients admitted to an inpatient and outpatient rehabilitation program for individuals having sustained spinal cord injuries or other neurological disorders; Treatment of depression, anxiety, pain, adjustment to disability issues; Consultation to interprofessional rehabilitation team regarding patient and family education; Collaborative injury prevention initiatives
Research Interests: Evidence-based treatment planning and intervention; Knowledge transfer and health education initiatives for trauma prevention
- Daniel Peluso Psychologist, Adult Mental Health Track
St. Joseph’s Health Care London – Parkwood Institute, Greater Toronto Area Site
Ph.D., University of Regina, 2013
Clinical Interests: Assessment and treatment of PTSD, anxiety disorders, mood disorders, and somatic symptom disorders; Cognitive Behavioural Therapy for PTSD, mood and anxiety disorders.
Research Interests: Supervision; posttraumatic stress disorder, anxiety disorders, and chronic pain.
- Rhonda Peterson Psychometrist, Child/Adolescent Track
Child and Parent Resource Institute
M.A., University of Western Ontario, 2003

- Michelle Pogue Psychometrist, Neuropsychology Track
London Health Sciences Centre – University Hospital
B.Sc. (Honours), McMaster University, 2015
Clinical Interests: Neuropsychological assessment of adults with a suspected or confirmed neurological disorder, with specific interests in Alzheimer’s disease, epilepsy, stroke, and acquired brain injuries
Research Interests: Impact of treatment on daily functioning and factors that contribute to its success
- Peter Prior Psychologist, Health/Rehabilitation Track
St. Joseph’s Health Care London - St. Joseph’s Hospital Cardiac Rehabilitation & Secondary Prevention Program;
Associate Scientist, Lawson Health Research Institute
Ph.D., University of Western Ontario, 1991
Clinical Interests: Assessment and treatment of cardiovascular patients
Research Activities: Reliable measurement of individuals’ change over cardiac rehabilitation; cardiac rehabilitation for secondary prevention with cerebrovascular disease; psychological and neurocognitive factors in cardiovascular disease conditions.
- Bonnie Purcell Psychologist, Adult Mental Health Track; Track Coordinator
Geriatric Mental Health Program
London Health Sciences Centre - Victoria Hospital
Ph.D., Queen’s University, 2013
Clinical Interests: Clinical assessment and treatment with seniors and adults, mood disorders, addictions, neurocognitive disorders, consultation
Research Interests: Screening, assessment and intervention of alcohol-related problems in older adults
- V. Lynn Rennison Neuropsychologist, Neuropsychology Track
London Health Sciences Centre – Victoria Hospital
Psy.D., Adler School of Professional Psychology, 2004
American Board of Professional Psychology (ABPP)
Board Certified in Clinical Neuropsychology
Clinical Interests: Neuropsychological assessment of adults with known or suspected cognitive impairment secondary to medical or psychiatric illnesses.
Research Interests: Neuropsychological sequelae following mild traumatic brain injury
- Niki Rielly Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., Queen’s University, 2003
Clinical Interests: Clinical assessment and treatment of children and adolescents with complex mental health problems; Cognitive behaviour therapies including the Collaborative Problem Solving Approach
Research Interests: Program evaluation; Intensive service delivery

Craig Ross	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Windsor, 2011 <u>Clinical Interests:</u> Outpatient assessment and treatment of children and adolescents with an intellectual disability and mental health and/or behavioural concerns (“dual diagnosis”); Outpatient assessment and treatment of children or adolescents with an Autism Spectrum diagnosis and co-morbid mental health concerns; Functional assessment of challenging behaviours and positive behaviour supports, and modified cognitive-behavioural approaches; Identification of resources and supports for individuals with complex special needs; Working with families, schools and community agencies to support clients; Interprofessional team-work within a biopsychosocial framework <u>Research Interests:</u> Use of social media and computer-mediated communication within a social-capital framework; Within clinical populations, use of social media and gaming as a replacement for more traditional forms of social interaction</p>
Maya Roth	<p>Psychologist, Adult Mental Health Track St. Joseph’s Health Care London – Parkwood institute, Greater Toronto Area site Ph.D., York University, 2009 <u>Clinical Interests:</u> Assessment and treatment of military-related PTSD and comorbid mood and anxiety disorders and chronic pain, Cognitive Behavioural Therapy interventions for mood and anxiety disorders, dissemination of evidence-based treatment for military-related PTSD <u>Research Interests:</u> Treatment outcome in posttraumatic stress disorder, mood disorders, and chronic pain among military and veteran personnel, pain and psychological distress at end of life</p>
Magali Segers	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., York University, 2017 <u>Clinical Interests:</u> Psychological assessment and treatment of children, adolescents, and their families; Anxiety Disorders; Tourette Syndrome; Obsessive-Compulsive Disorder, Body Focused Repetitive Behaviours (Trichotillomania and Excoriation Disorder); Autism Spectrum Disorder; Cognitive behavioural therapy (CBT); Exposure and Response Prevention (ERP); Comprehensive Behavioural Intervention for Tics (CBIT); Brake Shop Clinic <u>Research Interests:</u> Cognitive and sensory processing in Autism Spectrum Disorder; Program Evaluation</p>

- Farida Spencer Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
Ph.D., University of Western Ontario, 1984
Clinical Interests: Therapy interventions and consultations with an adult psychiatric population with a variety of diagnoses: i.e., schizophrenia, paranoid/psychotic disorders, affective disorders (major depression, bipolar), eating disorders, substance abuse; Treatment of clients diagnosed with personality disorders
Research Interests: Demonstrating effectiveness in treatment outcomes of Interpersonal Reconstructive Therapy (IRT) approach with difficult to treat clients with diagnoses of personality disorders
- Nicole Tilley Psychometrist, Neuropsychology Track
London Health Sciences Centre - University Hospital
B.A. (Honours), University of Windsor, 2014
Clinical Interests: Neuropsychological assessment regarding a broad range of neurological disorders. Specific interests include: brain lesions, schizophrenia, mood disorders, and dementia.
Research Interests: Neuropsychological assessment of individuals with cognitive, emotional and behavioural dysfunction resulting from brain impairment and injury. As well as, basic and applied issues in memory and cognition, including distinguishing between appraisals of occurrence, accuracy, and recollection in autobiographical memory.
- Sandra Ulch Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - University Hospital
Ph.D., Queen's University, 1992
Clinical Interests: Assessment and treatment of psychological disorders that occur in the context of complex medical problems; Psychological adjustment to organ transplantation; Adjustment to critical illness; Coping with chronic physical illness; Interprofessional health care in the inpatient medical setting
Research Interests: Mood symptoms associated with high dose corticosteroids used to treat relapses in MS; Psychological adjustment to transplantation; Women's mental health
- Sarah Vernon-Scott Psychologist, Health/Rehabilitation Track; Track Coordinator
London Health Sciences Centre- University Hospital
Ph.D., Lakehead University, 2007
Clinical Interests: Assessment, consultation, and treatment of functional neurological disorder, psychogenic non-epileptic seizures, mood disorders, posttraumatic stress disorder, adjustment to illness, etc.
Research Interests: Psychogenic non-epileptic seizures/functional neurological disorder

- Evelyn Vingilis Psychologist, Director, Population and Community Health Unit
Western University - Professor, Departments of Family Practice, and
Epidemiology and Biostatistics at the Schulich School of Medicine
Ph.D., York University, 1978
Research Interests: Population and community health and health services;
Specific Interests: Alcohol, drugs, and traffic safety; At-risk youth; Mental health
services; Knowledge diffusion and utilization; Survey, policy, and evaluative
research
- Sonya Wanklyn Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute, Greater Toronto Area Site
Ph.D., Ryerson University, 2016
Clinical Interests: Assessment and treatment of PTSD and commonly co-occurring
conditions (e.g., substance use disorders, depression, relationship distress);
couple therapy for mental health disorders.
Research Interests: Etiology of co-occurring mental health disorders subsequent
to traumatic events, and the psychosocial risk and resilience factors for comorbid
psychopathology, with a particular focus on understanding and treating
comorbid PTSD and substance use disorders.
- Sandra Zirul Psychometrist, Neuropsychology Track
London Health Sciences Centre - Victoria Hospital
B.A. (Honours), University of Western Ontario, 1994
Clinical Interests: Neuropsychological assessment of individuals with cognitive,
emotional and behavioural dysfunction resulting from brain impairment
