Mailbox	Outside of B1 entrance, at end of D3 ramp
Ultrasound	D1-128

VOLUNTEERS- Please note:

- **Hand Hygiene-** Please remind patients about the importance of hand hygiene. Patients should wash/sanitize hands when entering and exiting the hospital, before and after using the kiosks, or after touching any common spaces or materials, as well as their masks.
- **Patient assistance/inquiries/concerns-** Let the Clerks know if you need support with a patient or a patient question, or if a patient has any concerns.
- **volunteers**- Indicates where volunteers are located and are available for assistance
- **New Patient Orientation volunteers-** Please highlight volunteer locations during the new patient tour and let patients know that they can approach any volunteer for assistance. Look for the blue vest!
- **Wheelchairs-** Distributed between first and second floor entrances to avoid cluttered look of wheelchairs at the entrances; extra wheelchairs can go in the link beyond the lab through the automatic door.
