

## Melanoma Automated Triage

### General Booking Notes:

Patient is within appropriate catchment area (if patient is from Kitchener/Waterloo, Cambridge, Windsor, and Owen Sound referring physician should be directed to closest cancer center).

- If requirements met patients should be booked into next available medical oncology consultation slot without medical oncologist triage required.
- If outstanding items missing note sent back to referring physician to complete.
- If uncertain, review referral request with triaging oncologist.

If all criteria present then book in next available consult slot, otherwise return to referring physician to complete indicated investigations/documentation.

***There must be a pathology report confirming the diagnosis of melanoma sent to triage.***

### Non-Metastatic Cutaneous or Mucosal Melanoma.

| Must be completed<br>Results Available  | Must be Requested<br>Results do not need to be<br>available   | Prefer to have<br>but not<br>necessary |
|---|---|--|
| A sentinel lymph node biopsy to complete staging ( <u>not</u> required for mucosal melanoma)  | <ul style="list-style-type: none"> <li>• BRAF testing must be requested (not required to be completed)</li> </ul> |  |
| The Pathology Report must indicate one of the following: <ul style="list-style-type: none"> <li>• Stage IIB-IIC</li> <li>• Stage IIIA-IIID, or fully resected stage IV</li> </ul> |   |  |
| Staging CT of the thorax, abdomen, and pelvis <b>or</b> PET scan within past 3 months.  |   |  |
| Brain imaging to include either an MRI (preferred) <b>or</b> CT head  |   |  |

## Metastatic Cutaneous or Mucosal Melanoma to Sites Other Than Regional Lymph Nodes (stage IV)

| Must be completed<br>Results Available                          | Must be Requested<br>Results do not need to be<br>available        | Prefer to have<br>but not<br>necessary |
|---|--|--|
| Pathology report if initial diagnosis.                          | Brain imaging with MRI requested<br>(not required to be completed) |  |
| Staging CT of the thorax, abdomen, and pelvis <b>or</b> PET-CT. | BRAF testing must be requested (not required to be completed)      |  |

## Ocular Melanoma.

| Must be completed<br>Results Available   | Must be Requested<br>Results do not need to be<br>available | Prefer to have<br>but not<br>necessary |
|--|---|--|
| Full body imaging with MRI head, CT thorax, abdomen, and pelvis <b>or</b> PET with past 3 months |   |  |
| Cytogenetics report  |   |  |

### Booking Notes:

- Referral must come from a specialized centre that diagnoses ocular melanoma (ie. PMH)
