
Advanced Trauma Life Support ATLS® Provider Course

Request to Audit Course

Course Description

The ATLS® course is a continuing medical education program designed to teach doctors life-saving skills and a standardized approach to trauma care in the "golden hour". The course consists of pre- and post-course tests, core content lectures, interactive case presentations, discussions, development of life-saving skills, practical laboratory experiences and a final performance proficiency evaluation. The American College of Surgeons (ACS) sets the standards for this course and provides doctors who successfully complete the course with a card verifying successful course completion.

RN's, paramedics, and allied health professionals may audit the course and will receive a certificate indicating their participation as an auditor.
