SWORBHP Web Portal IT Support Session

SWORBHP is offering information technology (IT) support sessions for paramedics who would like support or assistance with our new SWORBHP Web Portal (www.sworbhp.ca).

IT support sessions will provide an opportunity to have a one-on-one session with a member of our IT Support Team who can assist with accessing and navigating through the SWORBHP Web Portal. They are intended to provide paramedics with an overview of the website, and direction on how to get started.

Sessions must be booked ahead of time. Space is limited.
