

# JUST CULTURE

PAUL LESAGE'S WORKSHOP SERIES

HOSTED BY SOUTHWEST ONTARIO  
REGIONAL BASE HOSPITAL PROGRAM

**SAVE THE DATE**  
**APRIL 4-6, 2017**

## WORKSHOP DESCRIPTION

Everyone who manages, leads, or operates in a high-consequence, high reliability domain is constantly faced with how to mitigate risk, improve performance, and limit errors. This is especially important in today's complex, interactive environments, where teamwork and communication are key components to success. During this training, Paul LeSage will introduce how six Key Focus Points are interlinked, and how we can improve outcomes and organizational culture. The training will use actual scenarios, transcripts, research, and the most recent information available from several high consequence domains to provide those attending with an experience that will hopefully provide an insight into a different way of thinking about human error, at-risk behavior, and system failures.

## SAVE THE DATE

### Session 1: April 4-5, 2017

*Two Day Collaborative Culture  
of Safety Course*

### Location

*Four Points by Sheraton London  
1150 Wellington Road South  
London ON N6E1M3*
