Southwest Ontario Regional Base Hospital Program

Advanced Life Support Patient Care Standards Version 4.3

What are the changes in version 4.3?

- Amends the previously published Version 4.0.1, updating the version number to Version 4.3
- Revokes and replaces the Opioid Toxicity Medical Directives
 - Updates the “Age” Condition for naloxone from ≥ 18 years to ≥ 12 years (for both PCP/ACP)
- Updates the concentration listings for epinephrine in various medical directives
