

Learn, Share, and Connect

Join with healthcare leaders from North America and around the globe to learn, share, and connect as we celebrate the 11th annual Lean Healthcare Transformation Summit. The premier event for healthcare leaders, the Summit offers the latest insights in how to create sustainable organizational change.

Catalysis Healthcare Value Network members and other action-oriented leaders will share their learnings, discuss their transformation journeys and help you discover innovative strategies to transform your healthcare organization, create value, and ultimately enhance quality and patient care. The Summit provides the learning and collaboration opportunities you need to be successful in your transformation journey.
