****See message below about parking**

Parking

If you are in labour, there are designated, short-term, metered spots outside the B building entrance. Please park here and have your partner/support person obtain a wheelchair from the lobby to bring you to B4 Triage.

A woman in labour should NOT be left alone (for more than a few moments)

There is public parking located around the hospital for longer parking needs:

1. P1 and P2 parking lots are on the Commissioners Rd. side of the hospital
2. P8 parking garage is off Baseline Rd

Hourly and maximum parking rates are posted at the parking lots. You will need to bring in your ticket and pay to have it validated at a parking kiosk. Kiosks accept 1 or 2 dollar coins, bills, and debit card or credit cards.

Daily, weekly, and monthly parking passes are also available for those who need repeated access to parking. These can be obtained from the parking office, located at the ground level of P8, near the elevators.
